

Mission

(What is the educational priority/goal for the school?)

To provide Key Biscayne students a high quality secondary education that while built on individual strengths and a challenging curriculum, will give our youth a sense of purpose and belonging within our culturally diverse community. In fulfilling its mission, the KBCHS will inspire every student to think, learn, achieve, and care.

Vision

(Ideally, what will the school accomplish)

We envision the Key Biscayne High School becoming a leader in community-based secondary education by offering a challenging college-preparatory high school curriculum while promoting civic and personal growth among the youth in our community. We will work collectively to mobilize our local resources and knowledge to enrich our students, faculty, community, and our environment.

BELIEF STATEMENTS:

1. We believe in schools that are the center of their community, where students, staff, parents and community members are involved in challenging students to discover and develop their talents and academic potential.
2. We believe in schools with high academic standards where student learning is a top priority.
3. We believe in schools with a comprehensive curriculum, exceptional learning opportunities, varied instructional practices and assessments, and access to the community's resources and technology.
4. We believe in a small learning community that addresses different learning styles, builds on student strengths, and personalizes learning to generate in students a sense of belonging.
5. We believe that Key Biscayne's natural resources and environment provide a natural classroom that can bring real life lessons to the students as well as develop their physical talents.
6. We believe that ongoing teacher professional development as well as collaboration with parents, community members, businesses, educational institutions, and civic organizations will impact student success.
7. We believe in schools that develop life-long learners and productive global citizens by offering opportunities that foster intellectual freedom, personal responsibility, and critical decision-making.
